Subject index

A

Absorption characteristics, evaluation of different chloramphenicol preparations in normal human subjects (Glazko et al.), 472
intestinal antiseptics derived from 8-hydroxyquinolines (Berggren and Hansson), 67
Acetylation of sulfamethazine and sulfamethoxypyridazine by human subjects (White and Evans), 80
Acids, amino, pharmacology (Milne), 484
metabolism, folic, anticonvulsant therapy, and megaloblastic hemopoiesis (Reynolds et al.) (Abst.), 813
synthetic 25 amino, corticotrophin, evaluation, in normal man (Rose et al.), 740
Actinomycin, nature, formation, and activities (Waksman) (B. rev.), 694
Addicts, narcotic, liver disease in; role of drug (Gorodetzky et al.), 720
needle (Sapira, Jasinski, and Gorodetzky), 725
Adenosine 3′,5′-monophosphate, exogenous, cardiovascular effects in man (Levine, Dixon, and Franklin), 168
Adrenal hemorrhage and anticoagulants (Abst.), 255
during anticoagulant therapy (McDonald, Myers, and Pardo) (Abst.), 389
Aerosols, bronchodilator, comparative clinical trial of metaproterenol and isoproterenol as (Holmes), 615
Allergies, use of heparin in control (Dolowitz and Dougherty) (Abst.), 257
Alpha receptor blockade by thymoxamine in human eye (Turner and Sneddon), 45
American Drug Index 1968 (Wilson and Jones) (B. rev.), 537
Amiloride, hydrochloride (MK-870), diuretic, pharmacological effects in animals and normal human subjects (Baba et al.), 318
and its combination with hydrochlorothiazide, antihypertensive and diuretic effects (Kampffmeyer and Conway), 350
Amino acid(s) corticotrophin, synthetic 25, evaluation, in normal man (Rose et al.), 740
hydrolized L- and synthesized DL-, comparison for complete parenteral nutrition (Peaston), 61
pharmacology (Milne), 484
Amniotic fluid volume, alteration in, and other findings in meclizine hydrochloride induced anomalies (Kendrick and Weaver) (Abst.), 111
Amphetamines and other stimulants, chronic administration, effects on behavior (Kosman and Unna), 240
Analgesics, cooperative clinical assays, clinical and statistical methodology for (Bellville, Forrest, and Brown), 290
evaluating side effects in cooperative clinical study (Bellville et al.), 303
pentazocine and phenazocine, oral and intramuscular administration, clinical comparison of effects (Beaver et al.), 582
potent, evaluation of method for assessing (Loan, Morrison, and Dundee), 765
Anaphylactoid reaction to diphenhydramine hydrochloride (Lauderdale, Fred, and Graber) (Abst.), 109
Anemia, megaloblastic, associated with anticonvulsant therapy (Horsfield and Chalmers) (Abst.), 810
ingestion of phenobarbital and primidone, report of case in 6-year-old child (Kahn et al.) (Abst.), 812
developing during treatment of epilepsy (Kiorboe and Plum) (Abst.), 812
Angina pectoris, treatment with chromonar hydrochloride (Bell, Azarnoff, and Dunn), 40
Angiotensin and norepinephrine infusions, effects on total plasma volume and extracellular fluid space in man (Werner et al.), 162
Announcements, 131, 270, 539, 818
special, 1
Antazoline (Antistine) as anti-arrhythmic agent; risk of cardiac arrest (Andersen, Hansen, and Sandoe) (Abst.), 112
atrial flutter with 1:1 artioventricular conduction precipitated by (Yahini et al.) (Abst.), 111

January-February, pp. 1-138; March-April, pp. 139-284; May-June, pp. 285-412; July-August, pp. 413-546; September-October, pp. 547-706; November-December, pp. 707-842.

Antazoline—cont'd
in cardiac arrhythmias and its side effects (Malone, Stoffer, and Pokorny) (Abst.), 112
Anticoagulant, potentiation, effect of warfarin by phenylbutazone (Aggelar et al.) (Abst.), 388
therapy, adrenal hemorrhage during (McDonald, Myers, and Pardo) (Abst.), 389
barbiturates influence on proconvertin-prothrombin level during (Samuelsson and Lilienberg) (Abst.), 388
carpal tunnell compression caused by hematoma associated with, report of case (Hartwell and Kurtay) (Abst.), 392
hemarthroses complicating, report of 3 cases (McLaughlin, McCarty, and Segal) (Abst.), 392
hematoma of rectus abdominis muscle complicated by (De Laurentis and Rosemond) (Abst.), 389
during (Musgrove and Ho) (Abst.), 389
necrosis of breast, rare complication (Nudelman and Kempson) (Abst.), 391
quadriplegia in patient on (Clinical pathologic conference) (Abst.), 391
rare occasional lethal complication; petechiae, ecchymoses, and necrosis of skin induced by coumarin congeners (Nalbandian et al.) (Abst.), 393
spontaneous spinal epidural hemorrhage during (Jacobson et al.) (Abst.), 390
Anticoagulants, bleeding from eardrum due to gunshot blast in patient receiving (Sonkin) (Abst.), 392
and adrenal hemorrhage (Abst.), 255
intramural hemorrhage of small intestine due to (Killian and Heitzman) (Abst.), 390
Anticonvulsant drug therapy, subnormal serum folate in macrocytosis associated with (Klipstein) (Abst.), 812
therapy, chronic, findings suggestive of systemic lupus erythematosus in subjects on (Wilske et al.) (Abst.), 811
megaloblastic anemia associated with (Horsfield and Chalmers) (Abst.), 810
hemopoiesis, and folic acid metabolism (Reynolds et al.) (Abst.), 813
Antihistamines and teratogenicity in rat (King, Weaver, and Narrod) (Abst.), 108
Antihypertensive and diuretic effects of amiloride and of its combinations with hydrochlorothiazide (Kampffmeyer and Conway), 350
Antiseptics, intestinal, derived from 8-hydroxyquinolines, absorption (Berggren and Hansson), 67
Antistine (antazoline) as anti-arrhythmic agent; risk of cardiac arrest (Andersen, Hansen, and Sandoe) (Abst.), 112
Antistine (antazoline)—cont'd
atrial flutter with 1:1 atrioventricular conduction precipitated by (Yahini et al.) (Abst.), 111
Antitoxin, tetanus, horse, comparison of value of 200,000 I.U. with 10,000 I.U. in treatment of tetanus (Vakil et al.), 465
Aplasia, fatal bone marrow, associated with administration of ethosuximide (celontin) for petit mal epilepsy (Mann and Habenicht) (Abst.), 814
Arrhythmias, cardiac, Antazoline in, and its side effects (Malone, Stoffer, and Pokorny) (Abst.), 112
Assays, cooperative clinical, of analgesics, clinical and statistical methodology for (Bellville, Forrest, and Brown), 290
Atrial flutter with 1:1 atrioventricular conduction precipitated by antazoline (Antistine) (Yahini et al.) (Abst.), 111

B

Barbiturates influence on prothrombin-proconvertin level during anticoagulant therapy (Samuelsson and Lilienberg) (Abst.), 388
BCNU, 1-3-bis-(2-chlorethyl)-1-nitrosourea, therapy of advanced gastrointestinal cancer with (Moertel, Reitemeier, and Hahn), 652
Bereavement, mortality (Mainland) (Stat. ward rounds), 682
Bibliographies on diseases of medical progress (Moser), 108, 255, 388, 807
Biochemistry of foreign compounds, international series of monographs in pure and applied biology (Parke) (B. rev.), 694
Biology, pure and applied, international series of monographs in, biochemistry of foreign compounds (Parke) (B. rev.), 694
Bisulfite, intraperitoneal, toxicity (Wilkins, Greene, and Weller), 328
Bleeding from eardrum due to gunshot blast in patient receiving anticoagulants (Sonkin) (Abst.), 392
Blood cell, red, cholinesterase activity, retention of inhaled sarin vapor and its effect on, in man (Oberst et al.), 421
levels of pentobarbital sodium, meprobamate, and tybamate in relation to clinical effects (Hollister and Clyde), 204
Bone marrow aplasia, fatal, associated with administration of ethosuximide (celontin) for petit mal epilepsy (Mann and Habenicht) (Abst.), 814
Book reviews, 129, 267, 405, 536, 694, 815
Books received, 130, 268, 405, 538, 694, 816

Botulism, experimental, evaluation of botulinum antitoxin, supportive therapy, and artificial respiration in monkeys with (Oberst et al.), 209
Brain research, progress in (Bradley and Fink) (B. rev.), 815
Breast, necrosis, rare complication of anticoagulant therapy (Nudelman and Kempson) (Abst.), 391
Bronchodilator aerosols, comparative clinical trial of metaproterenol and isoproterenol as (Holmes), 615
Butaperazine in chronic schizophrenia, evaluation (Clark et al.), 757
Butylbromide, hyoscine, on gut motility, effects (Guignard, Herxheimer, and Greenwood), 745

C

Caffeine, tolerance of coffee drinkers to (Colton, Gosselin, and Smith), 31
Cancer, advanced gastrointestinal, therapy with 1-3-bis-(2-chlorethyl)-1-nitrosourea (BCNU) (Moertel, Reitemeier, and Hahn), 652
plasma levels and urinary excretion of hexamethylmelamine following oral administration to human subjects with (Bryan et al.), 777
Carbamazepine (Tegretol) (Official lit. new drugs), 824
Cardiac surgery, open, mechanism of heparin rebound after extracorporeal circulation for (Frick and Brogli) (Abst.), 256
Cardiovascular responses to exogenous adenosine 3′,5′-monophosphate in man (Levine, Dixon, and Franklin), 168
Carpal tunnel compression caused by hematoma associated with anticoagulant therapy, report of case (Hartwell and Kurtay) (Abst.), 392
Cell, red blood, cholinesterase activity, retention of inhaled sarin vapor and its effect on, in man (Oberst et al.), 421
Celontin, ethosuximide, fatal bone marrow aplasia associated with administration, for petit mal epilepsy (Mann and Habenicht) (Abst.), 814
Cephaloridine (Loridine) (Official lit. new drugs), 820
Chemical influences on hair growth and pigmentation (Rook) (Abst.), 394
Chemotherapy, experimental, of neoplastic diseases (Schnitzer and Hawking) (B. rev.), 536
Chloramphenicol, phenylalanine tolerance in patients receiving (Weksler, Bourke, and Schreiner), 647
Chloramphenicol—cont'd
preparations, different, in normal human subjects, evaluation of absorption characteristics (Glazko et al.), 472
Chlormezanone, meprobamate, and placebo, comparison (Champlin et al.), 11
Cholesterol and trifluperidol in man (Clark et al.), 333
Cholinesterase activity, red blood cell, effect of retention of inhaled sarin vapor, in man (Oberst et al.), 421
Chromonar hydrochloride, treatment of angina pectoris with (Bell, Azarnoff, and Dunn), 40
Circulation, human digital, effect of trimethaphan camphorsulfonate on (Mendlowitz et al.), 50
Clinical and statistical methodology for cooperative clinical assays of analgesics (Bellville, Forrest, and Brown), 290
study, cooperative, evaluating side effects of analgesics in (Bellville et al.), 303
uses of metal-binding drugs (Chenoweth), 365
Codeine and dextropropoxyphene, comparison of respiratory depressant effects, in man (Bellville and Seed), 428
etomide, respiratory and subjective effects (Bellville, Green, and Forrest), 16
morphine, and nalorphine, local effect on diameter of pupil of eye (Nomof, Elliott, and Parker), 358
respiratory effects, in man (Bellville et al.), 435
Coffee drinkers, tolerance to caffeine (Colton, Gosselin, and Smith), 31
Compression, carpal tunnel, caused by hematoma associated with anticoagulant therapy, report of case (Hartwell and Kurtay) (Abst.), 392
Congeners, coumarin, petechiae, ecchymoses, and necrosis of skin induced by, rare occasional lethal complication of anticoagulant therapy (Nalbandian et al.) (Abst.), 393
Contraceptive steroids, glucose tolerance prior to and during therapy with (Danowski et al.), 223
Corticotrophin, synthetic 25 amino acid, evaluation, in normal man (Rose et al.), 740
Coumarin congeners, petechiae, ecchymoses, and necrosis of skin induced by, rare occasional lethal complication of anticoagulant therapy (Nalbandian et al.) (Abst.), 393
Cutaneous and central nervous system involvement in unusual vasculitis due to diphenhydramine (Davenport and Wilhelm) (Abst.), 110
reaction to dexbrompheniramine maleate (Smith and Fred) (Abst.), 109

Cyclazocine, subjective, behavioral, pupillary, and respiratory depressant effects, antagonism by naloxone (Jasinski, Martin, and Sapira), 215

D

Depressant, respiratory effects of dextropropoxyphene and codeine, comparison, in man (Bellville and Seed), 428

Desmethyl-pipazuroyl-guanidine (MK-870) in man, diuretic effect (Hitzenberger, Kampffmeyer, and Conway), 71

Dexbrompheniramine maleate, cutaneous reaction to (Smith and Fred) (Abst.), 109

Dextropropoxyphene and codeine, comparison of respiratory depressant effects, in man (Bellville and Seed), 428

Diphenhydramine hydrochloride, anaphylactoid reaction to (Lauderdale, Fred, and Graber) (Abst.), 109

unusual vasculitis due to, cutaneous and central nervous system involvement (Davenport and Wilhelm) (Abst.), 110

Diphenidol (Vontrol): new antivertigo and antiemetic agent (Official lit. new drugs), 132

Diphenylhydantoin hypersensitivity; treatment with 6-mercaptopurine (Robinow) (Abst.), 807

reaction (Fitzpatrick) (Abst.), 809

therapy, diagnostically confusing complications (Sparberg) (Abst.), 808

Disease(s), liver, in narcotic addicts; role of drug (Gorodetzky et al.), 720

needle (Sapira, Jasinski, and Gorodetzky), 725

neoplastic, experimental chemotherapy of (Schnitzer and Hawking) (B. rev.), 536

viral, control, with special reference to mumps, rubella, and interferon (Hilleman), 517

Diuretic agent, influence of dosage form on activity (Tannenbaum et al.), 598

amiloride hydrochloride (MK-870), pharmacological effects in animals and normal human subjects (Baba et al.), 318

and antihypertensive effects of amiloride and of its combination with hydrochlorothiazide (Kampffmeyer and Conway), 350

effect of desmethyl-pipazuroyl-guanidine (MK-870) in man (Hitzenberger, Kampffmeyer, and Conway), 71

Domiciliary practice, neutropenia in (Erenstom) (Abst.), 109

Dosage form, influence on activity of diuretic agent (Tannenbaum et al.), 598

Doxycycline monohydrate and hyclate (Vibramycin Monohydrate and Hyclate) Official lit. new drugs), 407

Drug Index, American 1968 (Wilson and Jones) (B. rev.), 537

research, psychiatric, sample size in (Rickels and McLaughlin), 631

role; liver disease in narcotic addicts (Gorodetzky et al.), 720

therapy, anticonvulsant, subnormal serum folate in macrocytosis associated with (Klipstein) (Abst.), 812

Drug-induced in-vitro stimulation of peripheral lymphocytes (Holland and Mauer) (Abst.), 811

Drugs, metal-binding, clinical uses (Chenoweth), 365

reports on, modernizing structure (de Haen), 547

and sensory functions (Herxheimer) (B. rev.), 816

and society (Barber) (B. rev.), 267

E

Eardrum, bleeding from, due to gunshot blast in patient receiving anticoagulants (Sonkin) (Abst.), 392

Ecchymoses, necrosis, and petechiae of skin induced by coumarin congeners, rare occasional lethal complication of anticoagulant therapy (Nalbandian et al.) (Abst.), 393

Electroencephalograms, scalp lead; six per second spike and wave complex: wave and spike phantom (Throp) (Abst.), 111

Embolism, peripheral arterial (Barker, Rosato, and Roberts) (Abst.), 257

Emetic, anti-, and antivertigo agent, new; diphenidol (Vontrol) (Official lit. new drugs), 132

Epilepsy, megaloblastic anemia developing during treatment (Kiorboe and Plum) (Abst.), 812

petit mal, fatal bone marrow aplasia associated with administration of ethosuximide (celontin) for (Mann and Habenicht) (Abst.), 814

Erythematosus, systemic lupus, in subjects with chronic anticonvulsant therapy, findings suggestive (Wilske et al.) (Abst.), 811

Ethambutol hydrochloride (Myambutol tablets) (Official lit. new drugs), 543

Ethchlorvynol and secrobarbital, hypnotic effects, in man (Bellville et al.), 625

Ethnopharmacologic search for psychoactive drugs (Efron) (B. rev.), 129

Ethosuximide (celontin), fatal bone marrow aplasia associated with administration, for petit mal epilepsy (Mann and Habenicht) (Abst.), 814

Ethosuximide—cont'd
treatment of petit mal seizures (Weinstein and Allen) (Abst.), 811
Etomide and codeine, respiratory and subjective effects (Bellville, Green, and Forrest), 16
Excretion, urinary, and plasma levels, of hexamethylmelamine following oral administration to human subjects with cancer (Bryan et al.), 777
Exogenous adenosine 3',5'-monophosphate, cardiovascular effects in man (Levine, Dixon, and Franklin), 168
Eye, diameter of pupil, local effect of morphine, nalorphine, and codeine on (Nomof, Elliott, and Parker), 358
human, alpha receptor blockade by thymoxamine in (Turner and Sneddon), 45

F

Factor, Christmas (Hampton) (Abst.), 393
Fatigued subjects, performance, stimulant effects of magnesium pemoline on (Gelfand et al.), 56
FDA papers II, 271
end to means, FDA papers III (Modell) (Edit.), 707
to fullest extent (Goddard), 711
how to HEW the FDA into shape (Modell) (Edit.), 285
setting the record straight on "To fullest extent" (Lasagna), 717
on speech and silence and (Modell) (Edit.), 139
Fentanyl (Sublimaze) (Official lit. new drugs), 704
Folate metabolism, effects of trimethoprim on, in man (Kahn, Fein, and Brodsky), 550
subnormal serum, in macrocytosis associated with anticonvulsant drug therapy (Klipstein) (Abst.), 812
Folic acid metabolism, anticonvulsant therapy, and megaloblastic hemopoiesis (Reynolds et al.) (Abst.), 813
Furazolidone, inhibition of monoamine oxidase in man (Pettinger, Soyangco, and Oates), 442

G

Gastrointestinal cancer, advanced, therapy with 1-3-bis-(2-chlorethyl)-1-nitrosourea (BCNU) (Moertel, Reitemeier, and Hahn), 652
Glucose tolerance prior to and during therapy with contraceptive steroids (Danowski et al.), 223
Growth hormone and insulin during oxandrolone therapy of stunting (Danowski et al.), 749
Gunshot blast, bleeding from eardrum due to, in patient receiving anticoagulants (Sonkin) (Abst.), 392
Gut motility, effects of hyoscine butylbromide on (Guignard, Herxheimer, and Greenwood), 745

H

Hair growth and pigmentation, some chemical influences on (Rook) (Abst.), 394
Hallucinogens (Hoffer and Osmond) (B. rev.), 536
Heart, terminal vascular bed, effect of nicotine and vasopressin on (Rakusan et al.), 24
Hemarthroses complicating anticoagulant therapy, report of 3 cases (McLaughlin, McCarty, and Segal) (Abst.), 392
Hematoma associated with anticoagulant therapy, carpal tunnel compression caused by, report of case (Hartwell and Kurtay) (Abst.), 392
rectus abdominis muscle complicated by anticoagulant therapy (De Laurentis and Rosemond) (Abst.), 389
during anticoagulant therapy (Musgrove and Ho) (Abst.), 389
Hemopoiesis, megaloblastic, anticonvulsant therapy, and folic acid metabolism (Reynolds et al.) (Abst.), 813
Hemorrhage, adrenal, during anticoagulant therapy (McDonald, Myers, and Pardo) (Abst.), 389
intramural, of small intestine due to anticoagulants (Killian and Heitzman) (Abst.), 390
retroperitoneal, during heparin therapy (Morrison and Wurzel) (Abst.), 258
spontaneous, spinal epidural, during anticoagulant therapy (Jacobson et al.) (Abst.), 390
Heparin, heparinoids, and their antagonists, some side effects (Coon and Willi[illegible]) (Abst.), 255
and osteoporosis annotations (Abst.), 255
reactions in patients with vascular disease (Turcotte, Kraft, and Fry) (Abst.), 257
rebound after extracorporeal circulation for open cardiac surgery, mechanism (Frick and Brogli) (Abst.), 256
side reactions in clinical practice (Zinn) (Abst.), 256
therapy, initial, in acute myocardial infarction (Brown and MacMillan) (Abst.), 257
pharmacological and clinical aspects (Wessler and Gaston) (Abst.), 256
retroperitoneal hemorrhage during (Morrison and Wurzel) (Abst.), 258
use in control of allergies (Dolowitz and Dougherty) (Abst.), 257
Heroin dependence, nalozone in (Fink et al.), 568

HEW—how to HEW the FDA into shape (Modell) (Edit.), 285
Hexamethylmelamine, plasma levels and urinary excretion, following oral administration to human subjects with cancer (Bryan et al.), 777
Hormone functions, steroid, pharmacologic alteration (Gaunt, Steinetz, and Chart), 657
growth, and insulin during oxandrolone therapy of stunting (Danowski et al.), 749
Hydrochloride, diuretic amiloride (MK-870), pharmacological effects in animals and normal human subjects (Baba et al.), 318
Hydrochlorothiazide, antihypertensive and diuretic effects of amiloride and its combination with (Kampffmeyer and Conway), 350
Hydroxyquinolines, 8-, absorption of intestinal antiseptics derived from (Berggren and Hansson), 67
Hyoscine butylbromide on gut motility, effects (Guignard, Herxheimer, and Greenwood), 745
Hypersensitivity, diphenylhydantoin, treatment with 6-mercaptopurine (Robinow) (Abst.), 807
Hyperthyroid children, drug responses in suggesting endogenous false transmitter (Prange et al.), 195
Hypnotic effects of ethchlorvynol and secobarbital in man (Bellville et al.), 625
Hypoprothrombinemia, lower limb palsies with (Lange) (Abst.), 394

I

Imidazolidine (EXP 388), 5-imino-2,2,4,4-tetrakis (trifluoromethyl) on spasticity, quantitative evaluation (Levine et al.), 448
Inderal (propranolol hydrochloride) (Official lit. new drugs), 696
Indomethacin, renal excretion, and its inhibition by probenecid (Skeith, Simkin, and Healey), 89
survey of clinical trials (O'Brien), 94
Inhibitor, monamine oxidase, methylhistamine excretion during treatment with (Fram and Green), 355
Insulin, and growth hormone, during oxandrolone therapy of stunting (Danowski et al.), 749
Interferon, mumps, rubella, control of viral diseases with special reference to (Hilleman), 517
Intestinal antiseptics derived from 8-hydroxyquinolines, absorption (Berggren and Hansson), 67
Intestine, small, intramural hemorrhage, due to anticoagulants (Killian and Heitzman) (Abst.), 390
Intramuscular and oral administration of analgesics, pentazocine and phenazocine, clinical comparison of effects (Beaver et al.), 582
Intraperitoneal bisulfite, toxicity (Wilkins, Greene, and Weller), 328
Isoproterenol and metaproterenol as bronchodilator aerosols, comparative clinical trial (Holmes), 615

K

Kidney, comparative metabolism of phenacetin and N-acetyl-p-aminophenol in man, with particular reference to effects on (Prescott et al.), 605

L

Limb palsies, lower, with hypoprothrombinemia (Lange) (Abst.), 394
Liver disease in narcotic addicts; role of drug (Gorodetzky et al.), 720
needle (Sapira, Jasinski, and Gorodetzky), 725
Loridine (cephaloridine) (Official lit. new drugs), 820
LSD in human subjects, "tissue concentration," correlation of performance test scores with (Wagner, Aghajanian, and Bing), 635
Lupus erythematosus, systemic, in subjects on chronic anticonvulsant therapy, findings suggestive (Wilske et al.) (Abst.), 811
Lymphocytes, peripheral, drug-induced in-vitro stimulation (Holland and Mauer) (Abst.), 811
Lysergic acid diethylamide in human subjects, "tissue concentration," correlation of performance test scores with (Wagner, Aghajanian, and Bing), 635

M

Macrocytosis associated with anticonvulsant drug therapy, subnormal serum folate in (Klipstein) (Abst.), 812
Magnesium pemoline, stimulant effects on performance of fatigued men (Herbert et al.), 578
subjects (Gelfand et al.), 56
Mefenamic acid (Ponstel) (Official lit. new tion in amniotic fluid volume and other findings in (Kendrick and Weaver) (Abst.), 111
Mefenamic acid (Ponstel) (Official lit. new drugs), 540

Megaloblastic anemia associated with anticonvulsant therapy (Horsfield and Chalmers) (Abst.), 810
ingestion of phenobarbital and primidone, report of case in 6-year-old child (Kahn et al.) (Abst.), 812
developing during treatment of epilepsy (Kiorboe and Plum) (Abst.), 812
hemopoiesis, anticonvulsant therapy, and folic acid metabolism (Reynolds et al.) (Abst.), 813
Meprobamate, chlormezanone, and placebo, comparison (Champlin et al.), 11
pentobarbital sodium, and tybamate, blood levels in relation to clinical effects (Hollister and Clyde), 204
6-Mercaptopurine, diphenylhydantoin hypersensitivity, treatment with (Robinow) (Abst.), 807
and 6-methylthiopurine ribonucleoside, clinical pharmacologic observations on (Loo et al.), 180
Metabolism, comparative, of phenacetin and N-acetyl-p-aminophenol in man, with particular reference to effects on kidney (Prescott et al.), 605
folate, effects of trimethoprim on, in man (Kahn, Fein, and Brodsky), 550
folic acid, anticonvulsant therapy, and megaloblastic hemopoiesis (Reynolds et al.) (Abst.), 813
rate of tolbutamide, failure of probenecid to inhibit, in man (Brook, Schrogie, and Solomon), 314
Metal-binding drugs, clinical uses (Chenoweth), 365
Metaproterenol and isoproterenol as bronchodilator aerosols, comparative clinical trial (Holmes), 615
Method for assessing potent analgesics, evaluation (Loan, Morrison, and Dundee), 765
Methodology, clinical and statistical, for cooperative clinical assays of analgesics (Bellville, Forrest, and Brown), 290
Methylhistamine excretion during treatment with monamine oxidase inhibitor (Fram and Green), 355
Methylthiopurine ribonucleoside, 6-, and 6-mercaptopurine, clinical pharmacologic observations (Loo et al.), 180
Mintezol (thiabendazole suspension) (Official lit. new drugs), 277
MK-870 (desmethyl-pipazuroyl-guanidine), diuretic effect in man (Hitzenberger, Kampffmeyer, Conway), 71
diuretic amiloride hydrochloride, pharmacological effects in animals and normal human subjects (Baba et al.), 318
Monoamine oxidase, inhibition by furazolidone in man (Pettinger, Soyangco, and Oates), 442
supersensitivity to tyramine during, in man (Pettinger and Oates), 341
inhibitor, methylhistamine excretion during treatment with (Fram and Green), 355
Morphine and codeine, respiratory effects, in man (Bellville et al.), 435
nalorphine, and codeine, local effect on diameter of pupil of eye (Nomof, Elliott, and Parker), 358
interaction on respiration (Bellville and Fleischli), 152
Motility, gut, effects of hyoscine butylbromide on (Guignard, Herxheimer, and Greenwood), 745
Mumps, rubella, and interferon, control of viral diseases with special reference to (Hilleman), 517
Muscle, rectus abdominis, hematoma, complicated by anticoagulant therapy (De Laurentis and Rosemond) (Abst.), 389
during anticoagulant therapy (Musgrove and Ho) (Abst.), 389
spasm, drug combinations with orphenadrine for pain relief associated with (Birkeland and Clawson), 639
Myambutol tablets (ethambutol hydrochloride) (Official lit. new drugs), 543
Myocardial infarction, acute, initial heparin therapy in (Brown and MacMillan) (Abst.), 257

N

N-acetyl-p-aminophenol and phenacetin, comparative metabolism in man, with particular reference to effects on kidney (Prescott et al.), 605
Nalorphine, morphine, and codeine, local effect on diameter of pupil of eye (Nomof, Elliott, and Parker), 358
interaction on respiration (Bellville and Fleischli), 152
Naloxone, antagonism of subjective, behavioral, pupillary, and respiratory depressant effects of cyclazocine by (Jasinski, Martin, and Sapira), 215
in heroin dependence (Fink et al.), 568
Narcotic addicts, liver disease in; role of drug (Gorodetzky et al.), 720
needle (Sapira, Jasinski, and Gorodetzky), 725
Navane (thiothixene) (Official lit. new drugs), 282
Necrosis of breast, rare complication of anticoagulant therapy (Nudelman and Kempson) (Abst.), 391

Necrosis—cont'd
petechiae, and ecchymoses of skin induced by coumarin congeners, rare occasional lethal complication of anticoagulant therapy (Nalbandian et al.) (Abst.), 393
Needle, role; liver disease in narcotic addicts (Sapira, Jasinski, and Gorodetzky), 725
Neoplastic diseases, experimental chemotherapy of (Schnitzer and Hawking) (B. rev.), 536
Nervous system, central, and cutaneous involvement in unusual vasculitis due to diphenhydramine (Davenport and Wilhelm) (Abst.), 110
Physiological pharmacology (Root and Hofmann) (B. rev.), 267
Neutropenia in domiciliary practice (Erenstom) (Abst.), 109
Nicotine and vasopressin, effect on terminal vascular bed of heart (Rakusan et al.), 24
Nobel Symposium 2, prostaglandins (Bergström and Samuelsson) (B. rev.), 537
Norepinephrine and angiostensin infusions, effects on total plasma volume and extracellular fluid space in man (Werner et al.), 162
Nutrition, complete parenteral, comparison of hydrolyzed L- and synthesized DL-amino acids for (Peaston), 61

O

Official literature on new drugs, 132, 136, 277, 282, 407, 409, 540, 543, 696, 704, 820, 824
Oral administration to human subjects with cancer, plasma levels and urinary excretion of hexamethylmelamine following (Bryan et al.), 777
and intramuscular administration of analgesics, pentazocine and phenazocine, clinical comparison of effects (Beaver et al.), 582
Orphenadrine for pain relief associated with muscle spasm, drug combinations with (Birkeland and Clawson), 639
Osteoporosis and heparin, annotations (Abst.), 255
Oxandrolone therapy of stunting, growth hormone and insulin during (Danowski et al.), 749
Oxidase inhibitor, monamine, methylhistamine excretion during treatment with (Fram and Green), 355
monoamine, inhibition by furazolidone, in man (Pettinger, Soyangco, and Oates), 442
Oxidase inhibitor—cont'd
supersensitivity to tyramine during, in man (Pettinger and Oates), 341

P

Pain relief associated with muscle spasm, drug combinations with orphenadrine for (Birkeland and Clawson), 639
Palsies, lower limb, with hypoprothrombinemia (Lange) (Abst.), 394
Parenteral nutrition, complete, comparison of hydrolyzed L- and synthesized DL-amino acids for (Peaston), 61
Pemoline, magnesium, stimulant effects on performance of fatigued men (Herbert et al.), 578
Penicillins, distribution, apparent effect of probenecid, in man (Gibaldi and Schwartz), 345
Pentazocine, d- and l-, respiratory and subjective effects (Bellville and Forrest), 142
as lactate (Talwin) (Official lit. new drugs), 136
and phenazocine, analgesics, oral and intramuscular administration, clinical comparison of effects (Beaver et al.), 582
Pentobarbital sodium, meprobamate, and tybamate, blood levels in relation to clinical effects (Hollister and Clyde), 204
Peripheral lymphocytes, drug-induced in-vitro stimulation (Holland and Mauer) (Abst.), 811
Petechiae, ecchymoses, and necrosis of skin induced by coumarin congeners, rare occasional lethal complication of anticoagulant therapy (Nalbandian et al.) (Abst.), 393
Petit mal epilepsy, fatal bone marrow aplasia associated with administration of ethosuximide (celontin) for (Mann and Habenicht) (Abst.), 814
seizures, ethosuximide treatment (Weinstein and Allen) (Abst.), 811
Pharmacologic alteration of steroid hormone functions (Gaunt, Steinetz, and Chart), 657
Pharmacological effects in animals and normal human subjects of diuretic amiloride hydrochloride (MK-870) (Baba et al.), 318
Pharmacology, advances in (Garattini and Shore) (B. rev.), 405
amino acids (Milne), 484
annual review (Elliott) (B. rev.), 537
Pharmacy, poly-, in twentieth century America (Hudson), 2

Phenacetin and N-acetyl-p-aminophenol, comparative metabolism in man, with particular reference to effects on kidney (Prescott et al.), 605

Phenazocine and pentazocine, analgesics, oral and intramuscular administration, clinical comparison of effects (Beaver et al.), 582

Phenergan cream, skin reactions to (Suurmond) (Abst.), 108

Phenobarbital and primidone, megaloblastic anemia associated with ingestion, report of case in 6-year-old child (Kahn et al.) (Abst.), 812

Phenylalanine tolerance tests in patients receiving chloramphenicol (Weklser, Bourke, and Schreiner), 647

Phenylbutazone, potentiation of anticoagulant effect of warfarin by (Aggelar et al.) (Abst.), 388

Physiological pharmacology, the nervous system (Root and Hofmann) (B. rev.), 267

Pigmentation and hair growth, some chemical influences on (Rook) (Abst.), 394

Placebo, thioridazine, and thiothixene in male chronic schizophrenic patients (Wolpert, Sheppard, and Merlis), 456

Plasma, human, effect of disease, drugs, and dilution on binding of sulfonamides in (Anton), 561

levels and urinary excretion of hexamethylmelamine following oral administration to human subjects with cancer (Bryan et al.), 777

volume, total and extracellular fluid space in man, effects of angiotensin and norepinephrine infusions on (Werner et al.), 162

Poisons, clinical uses of metal-binding drugs (Chenoweth), 365

Polypharmacy in twentieth century America (Hudson), 2

Ponstel (Mefenamic acid) (Official lit. new drugs), 540

Pressor doses of angiotensin and norepinephrine, infusions, effects on total plasma volume and extracellular fluid space in man (Werner et al.), 162

Primidone, and phenobarbital, megaloblastic anemia associated with ingestion, report of case in 6-year-old child (Kahn et al.) (Abst.), 812

Probenecid, apparent effect on distribution of penicillins in man (Gibaldi and Schwartz), 345

failure to inhibit rate of metabolism of tolbutamide in man (Brook, Schrogie, and Solomon), 314

inhibition of renal excretion of indomethacin by (Skeith, Simkin, and Healey), 89

Proconvertin-prothrombin level, barbiturates influence on, during anticoagulant therapy (Samuelsson and Lilienberg) (Abst.), 388

Promethazine (Phenergan), skin reactions to (Suurmond) (Abst.), 108

Propranolol hydrochloride (Inderal) (Official lit. new drugs), 696

Prostaglandins (von Euler), 228

medicinal chemistry (von Euler and Eliasson) (B. Rev.), 537

Nobel Symposium 2 (Bergström and Samuelsson) (B. Rev.), 537

Protect the American patient (Modell) (Edit.), 413

Protein binding of sulfonamides in human plasma, effect of disease, drugs, and dilution on (Anton), 561

Prothrombin-proconvertin level, barbiturates influence on, during anticoagulant therapy (Samuelsson and Lilienberg) (Abst.), 388

Protriptyline HCl (Vivactil HCl) (Official lit. new drugs), 409

Psychiatric drug research, sample size in (Rickels and McLaughlin), 631

Psychoactive drugs, ethnopharmacologic search for (Efron) (B. rev.), 129

Pupil of eye, diameter, local effect of morphine, nalorphine, and codeine on (Nomof, Elliott, and Parker), 358

Pyribenzamine (Tripelennamine), drug reactions following urethral instillation (Rinker and Sullivan) (Abst.), 108

Q

Quadriplegia in patient on anticoagulant therapy (Clinical pathologic conference) (Abst.), 391

R

Reaction, diphenylhydantoin (Fitzpatrick) (Abst.), 809

Rectus abdominis muscle, hematoma, complicated by anticoagulant therapy (De Laurentis and Rosemond) (Abst.), 389

during anticoagulant therapy (Musgrove and Ho) (Abst.), 389

Red blood cell cholinesterase activity, effect of retention of inhaled sarin vapor, in man (Oberst et al.), 421
Renal excretion of indomethacin and its inhibition by probenecid (Skeith, Simkin, and Healey), 89
Respiration, interaction of morphine and nalorphine on (Bellville and Fleischli), 152
Respiratory depressant effects of dextropropoxyphene and codeine, comparison, in man (Bellville and Seed), 428
effects of codeine and morphine, in man (Bellville et al.), 435
and subjective effects of d- and l-pentazocine (Bellville and Forrest), 142
of etomide and codeine (Bellville, Green, and Forrest), 16
Rubella, mumps, and interferon, control of viral diseases with special reference to (Hilleman), 517

S

Sarin vapor, inhaled retention of, and effect on red blood cell cholinesterase activity in man (Oberst et al.), 421
Schizophrenia, chronic, evaluation of butaperazine in (Clark et al.), 757
Schizophrenic patients, male, chronic, thiothixene, thioridazine, and placebo in (Wolpert, Sheppard, and Merlis), 456
Secobarbital and ethchlorvynol, hypnotic effects, in man (Bellville et al.), 625
Seizures, petit mal, ethosuximide treatment (Weinstein and Allen) (Abst.), 811
Sensory functions, and drugs (Herxheimer) (B. rev.), 816
Serum folate, subnormal, in macrocytosis associated with anticonvulsant drug therapy (Klipstein) (Abst.), 812
Side effects, evaluating analgesics in cooperative clinical study (Bellville et al.), 303
Skin, petechiae, ecchymoses, and necrosis, induced by coumarin congeners, rare occasional lethal complication of anticoagulant therapy (Nalbandian et al.) (Abst.), 393
reactions to Phenergan cream (Suurmond) (Abst.), 108
Spasm, muscle, drug combinations with orphenadrine for pain relief associated with (Birkeland and Clawson), 639
Spinal epidural hemorrhage, spontaneous, during anticoagulant therapy (Jacobson et al.) (Abst.), 390
Statistical and clinical methodology for cooperative clinical assays of analgesics (Bellville, Forrest, and Brown), 290
ward rounds (Mainland), 113, 259, 395, 529, 682, 792
Steroid hormone functions, pharmacologic alteration (Gaunt, Steinetz, and Chart), 657
Steroids, contraceptive, glucose tolerance prior to and during therapy with (Danowski et al.), 223
Stimulant effects of magnesium pemoline on performance of fatigued subjects (Gelfand et al.), 56
Stimulants, including amphetamines, chronic administration, effects on behavior (Kosman and Unna), 240
Stunting, oxandrolone therapy, growth hormone and insulin during (Danowski et al.), 749
Sublimaze (fentanyl) (Official lit. new drugs), 704
Sulfamethazine and sulfamethoxypyridazine, acetylation by human subjects (White and Evans), 80
Sulfamethoxypyridazine and sulfamethazine, acetylation by human subjects (White and Evans), 80
Sulfonamides in human plasma, binding, effect of disease, drugs, and dilution on (Anton), 561
Supersensitivity to tyramine during monoamine oxidase inhibition in man (Pettinger and Oates), 341
Synhexyl and tetrahydrocannibanol, comparison, in man (Hollister, Richards, and Gillespie), 783
Synthetic 25 amino acid corticotrophin, evaluation, in normal man (Rose et al.), 740
Systemic lupus erythematosus in subjects on chronic anticonvulsant therapy, findings suggestive (Wilske et al.) (Abst.), 811

T

Tachycardia: antazoline (Antistine) as antiarrhythmic agent; risk of cardiac arrest (Andersen, Hansen, and Sandoe) (Abst.), 112
Talwin (pentazocine as lactate) (Official lit. new drugs), 136
Tegretol (carbamazepine) (Official lit. new drugs), 824
Teratogenicity and antihistamines in rat (King, Weaver, and Narrod) (Abst.), 108
Tetanus antitoxin, horse, comparison of value of 200,000 I.U. with 10,000 I.U. in treatment of tetanus (Vakil et al.), 465

Tetrahydrocannibanol and synhexyl, comparison, in man (Hollister, Richards, and Gillespie), 783

Therapy, anticoagulant, adrenal hemorrhage during (McDonald, Myers, and Pardo) (Abst.), 389

barbiturates influence on prothrombin-proconvertin level during (Samuelsson and Lilienberg) (Abst.), 388

carpal tunnel compression caused by hematoma associated with, report of case (Hartwell and Kurtay) (Abst.), 392

hemarthroses complicating, report of 3 cases (McLaughlin, McCarty, and Segal) (Abst.), 392

hematoma of rectus abdominis muscle complicated by (De Laurentis and Rosemond) (Abst.), 389

during (Musgrove and Ho) (Abst.), 389

necrosis of breast, rare complication (Nudelman and Kempson) (Abst.), 391

quadriplegia in patient on (Clinical pathologic conference) (Abst.), 391

rare occasional lethal complication; petechiae, ecchymoses, and necrosis of skin induced by coumarin congeners (Nalbandian et al.) (Abst.), 393

spontaneous spinal epidural hemorrhage during (Jacobson et al.) (Abst.), 390

anticonvulsant drug, subnormal serum folate in macrocytosis associated with (Klipstein) (Abst.), 812

megaloblastic anemia associated with (Horsfield and Chalmers) (Abst.), 810

hemopoiesis, and folic acid metabolism (Reynolds et al.) (Abst.), 813

chronic anticonvulsant, findings suggestive of systemic lupus erythematosus in subjects on (Wilske et al.) (Abst.), 811

Thiabendazole (Mitezol) suspension (Official lit. new drugs), 277

Thioridazine, thiothixene, and placebo in male chronic schizophrenic patients (Wolpert, Sheppard, and Merlis), 456

Thiothixene (Navane) (Official lit. new drugs), 282

thioridazine, and placebo in male chronic schizophrenic patients (Wolpert, Sheppard, and Merlis), 456

Thymoxamine, alpha receptor blockade by, in human eye (Turner and Sneddon), 45

"Tissue concentration" of lysergic acid diethylamide in human subjects, correlation of performance test scores with (Wagner, Aghajanian, and Bing), 635

Tolbutamide, rate of metabolism, failure of probenecid to inhibit, in man (Brook, Schrogie, and Solomon), 314

Tolerance of coffee drinkers to caffeine (Colton, Gosselin, and Smith), 31

Toxicity of intraperitoneal bisulfite (Wilkins, Greene, and Weller), 328

Treatment, ethosuximide, petit mal seizures (Weinstein and Allen) (Abst.), 811

epilepsy, megaloblastic anemia developing during (Kiorboe and Plum) (Abst.), 812

with monamine oxidase inhibitor, methylhistamine excretion during (Fram and Green), 355

Trifluoromethyl (5-imino-2,2,4,4-tetrakis) imidazolidine (EXP 338) on spasticity quantitative evaluation (Levine et al.), 448

Trifluperidol and cholesterol in man (Clark et al.), 333

Trimethaphan camphorsulfonate, effect on human digital circulation (Mendlowitz et al.), 50

Trimethoprim, effects on folate metabolism, in man (Kahn, Fein, and Brodsky), 550

Tripelennamine (Pyribenzamine), drug reactions following urethral instillation (Rinker and Sullivan) (Abst.), 108

Tybamate, pentobarbital sodium, and meprobamate, blood levels in relation to clinical effects (Hollister and Clyde), 204

Tyramine, supersensitivity to, during monoamine oxidase inhibition in man (Pettinger and Oates), 341

U

Urethral instillation of tripelennamine (Pyribenzamine), drug reactions following (Rinker and Sullivan) (Abst.), 108

Urinary excretion, and plasma levels of hexamethylmelamine following oral administration to human subjects with cancer (Bryan et al.), 777

V

Vapor, inhaled sarin, retention of, and effect on red blood cell cholinesterase activity in man (Oberst et al.), 421

Vascular disease, heparin reactions in patients with (Turcotte, Kraft, and Fry) (Abst.), 257

Vasculitis, unusual, due to diphenhydramine: cutaneous and central nervous system involvement (Davenport and Wilhelm) (Abst.), 110

Vasopressin and nicotine, effect on terminal vascular bed of heart (Rakusan et al.), 24

Vertigo, anti-, and antiemetic agent, new; diphenidol (Vontrol) (Official lit. new drugs), 132

Viral diseases, control of, with special reference to mumps, rubella, and interferon (Hilleman), 517

Vontrol (diphenidol): new antivertigo and antiemetic agent (Official lit. new drugs), 132

W

Warfarin, by phenylbutazone, potentiation of anticoagulant effect (Aggelar et al.) (Abst.), 388

Wave and spike phantom; six per second spike and wave complex (Throp) (Abst.), 111
